JAMES O'MALLEY WAS KILLED BY I. C. TRAIN

YOUNG MAN MET TRAGIC DEATH AT FOREST AVE. CROSSING WEDNESDAY NIGHT.

BODY FOUND THURSDAY A. M.

No Report Made by Any Train Crew of An Accident at This Crossing.

Thanksgiving joy of the family and friends of James O'Malley, 624 N. Dement avenue, was suddenly transformed into deep sorrow early Thursday morning when the body of the young man was found cold in death forty feet west of the Forest avenue crossing over the Illinois Central tracks at 8 o'clock by Harry Andrews and Martin Cor, employees of the Bovey cucumber house.

Just how the unfortunate young man met his death will probably never be known, for when his body was found it was evident that his tragic end had been accomplished many hours before, probably in the darkness and fog of the night. Blood stains on the cattle guard indicated that he had been struck by a train at the crossing and the body had either been carried or thrown to the place where it was found, forty feet to the west.

Body Badly Mangled.

The two men who found the remains had gone from the Cucumber house to Bosworth's about an hour earlier and had noticed the body of a man, but thinking it was merely someone asleep had not investigated. On their return, however, in the better light, they saw that the man had been injured and their investigation showed that he was dead, the head being frightfully mangled.

The authorities were notified immediately and the remains taken to the Jones & Slain undertaking room where Coroner Stephan conducted an inquest at 5 p. m. yesterday, the following jurors hearing the evidence: W. V. E. Steel, foreman; J. M. McGuirk, George Robinson, Henry Morey, Lionel Tibbet and Bert Carr.

Baird Saw Him Last.

In addition to the above facts it was learned at the inquest that in all probability O. L. Baird, the florist, was the last man who saw him alive. He testified that James had come to his place about 5 o'clock Wednesday evening, had performed his usual duties and had left.

There had been no report by any train crew indicating that a man was struck at this crossing during the night and accordingly the jury was unable to determine the time of the accident. From the fact that the body was found west of the crossing, the jurors deduced that a south-bound train had struck the unfortunate man, and accordingly returned a verdict to that effect.

Brother's Tragic Death.

The terrible fate of the young man is especially shocking to his relatives and friends in that a brother, Owen, met a tragic death a number of years ago when he fell off the viaduct by which the Northwestern crosses the Illinois Central tracks.

Funeral Tomorrow.

The funeral services will be held tomorrow morning at 9:30 o'clock at the home of the deceased, parents and at 10 o'clock at St. Patrick's Catholic church.

The deceased was born in Marion township and was about 30 years of age, much of his life being spent in Dixon. He is survived by his parents, Mr. and Mrs. John O'Malley, a brother, Andrew, and four sisters, Florence, Augusta, Mary and Mrs. Nellie McNamara, all of this city. To them the sincerest condolence of many friends is tendered in this hour of tragic bereavement.

PAINFULLY INJURED

Wm. Jensen was painfully hurt while at work at the Dixon Cereal company mills in Dementtown yesterday, when a heavy timber with which he and other men were working struck him in the face. His lips were badly cut and his face bruised, the cuts in the lips requiring the services of a physician.

ANOTHER ATTEMPT TO WRECK TRAINS

RAILROAD TIES PILED ON C. & N. W. TRACK AT STERLING LAST NIGHT.

SEEN IN THE NICK OF TIME

Dixonite Walking from Nelson Finds Trap Just Before Fast Passenger Came East.

Sterling, Nov. 28—Special to Telegraph—A second attempt has been made to wreck a Chicago & Northwestern passenger train in this city and the city police and railway officials are making frantic efforts to apprehend the person who seems to be bent on committing a wholesale murder.

The latest incident of the train wrecking campaign occurred last evening soon after dark when William Rollins of Dixon, who was walking along the tracks on his way from Nelson to Sterling, discovered six enormous railroad ties laid directly across the tracks that the fast eastbound train which gets to Dixon at 6:10 p. m., was soon to traverse. The ties were placed on the track at a point near where some one, probably the same person, drilled a rail full of holes with a steel drill and weakened it to such an extent that a wreck was narrowly averted by its discovery. Had Mr. Rollins not discovered the ties last night a great catastrophe might have occurred, as the train at this point, which is near the waterworks, runs along a high embankment, with the river directly below. The officials are of the opinion that the fiendish work is that of a maniac.

"BLIND FIDDLER" IN HIS FINAL SLEEP

HIRAM CHAMBERLAIN PASSED AWAY AT COUNTY HOME THURSDAY.

Baird Saw Him Last.

Hiram Chamberlain, the "blind fiddler," who for years was a familiar and well-liked character on the streets of Dixon, where he made his living playing for passing people, died at the county home Thursday morning at about 7 o'clock, death resulting from the infirmities of old age. The remains were brought to this city and funeral services were held at St. Patrick's Catholic church at 10 o'clock this morning. Father Foley officiating, and with burial at Oakwood.

N. D. PUPILS SEND TO DIXON HOSPITAL

SCHOOL CHILDREN SHOW KINDLY INTEREST IN LOCAL INSTITUTION.

The pupils of the North Dixon schools expressed their usual interest in the hospital by sending the following contributions to the hospital Thanksgiving: The kindergarten sent a large turkey and cranberries, and the other pupils sent 17 quarts of canned fruit, 2 1-2 quarts pickles, box corn flakes, 4 1/2 qts. canned vegetables, bushel potatoes, bushel apples, 4 squash, pumpkin, cabbage, turnips, honey, nuts, etc. The management of the hospital extends sincere thanks for the donation and for the beautiful spirit prompting the gifts.

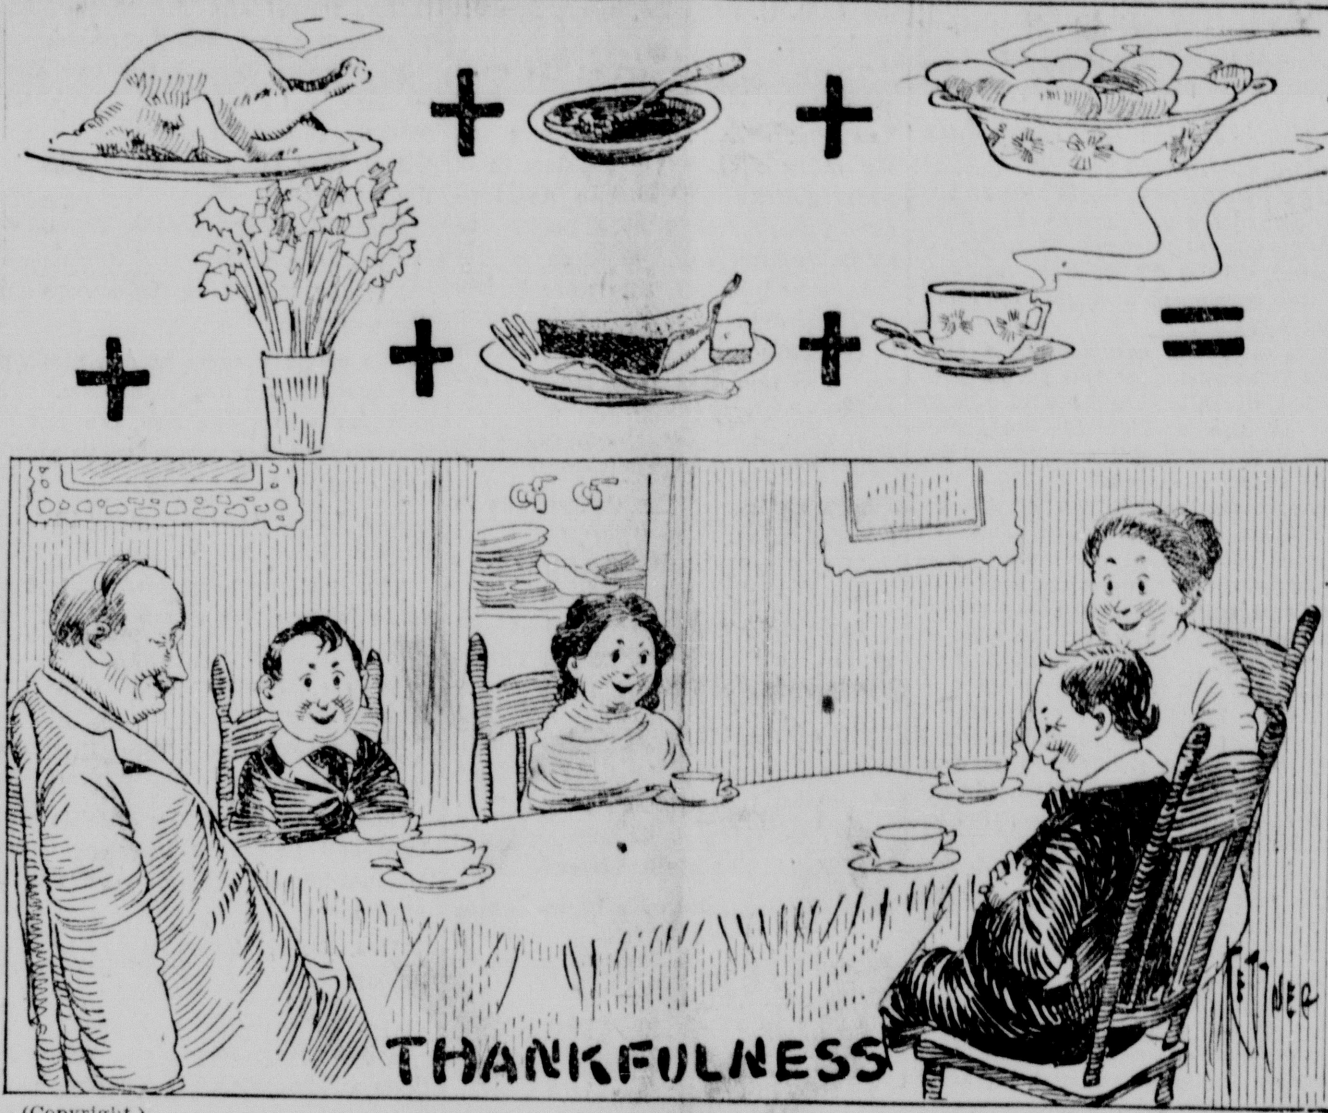

HORSE DEALER WILL SHARE IN BIG ESTATE

Taylorville, Nov. 27—Charles O. Wilson, a horse dealer was notified today by the clerk of Ogle county that he was heir to one-third of the estate of \$1,000,000 left by a bachelor uncle, David Wilson, who died recently near Oregon, Ill.

The decedent was a recluse and left no will.

Other heirs to the estate are Joseph Wilson of Santa Barbara, Cal., a brother, and Miss Isabelle Wilson of San Pedro, Cal., a sister.

THANKSGIVING PROBLEM SOLVED

HUNTING PARTY IN THE BEND

TWELVE NIMRODS GET A BAG OF 57 RABBITS AND TWO QUAIL.

Twelve residents of the Bend got together last Monday, chose sides and captains and had an old fashioned hunting party, the losers to entertain the hunters and families with an oyster supper.

The winning team was James E. Leach, captain; Geo. Williams, Chas. Steward, Amos Miller, Sam Bennett and Luther Heckman, and the other team was Frank Byers, captain; Richard Brierton, Harry Warner, Chas. Miller, Harry Hettler and Ray Bennett. The winners had 35 points to the losers' 25, a rabbit or quail to count one point. The entire bag was 57 rabbits and 2 quail, the latter being shot by Messrs. Leach and Steward. The oyster supper was held on Tuesday night at the Lewis Beatty home and was a great success. There were 47 present. Games and music whiled away a pleasant evening for the nimrods and their families.

PESTILENCE IS DANGER TO VILLA

MUTILATED DEAD BODIES LIE EXPOSED ON THE DESERT SOUTH OF JAUREZ.

El Paso, Tex., Nov. 28—Special to Telegraph—Pestilence now threatens General Villa's rebel army which is holding Jaurez on account of conditions south of that city.

The bodies of soldiers and others killed in combat or executed are being dug from the shallow graves by the coyotes and the partly eaten remains are left lying exposed upon the desert.

THREW STONE THAT MISSED STERLINGITE

E. F. LAWRENCE HAD NARROW ESCAPE—MEN CAUGHT AND FINED.

Sterling, Nov. 28—Special—Chas. Gronis and Frank Huster of this city were fined \$50 and \$200 and costs respectively this morning for throwing a rock through a window at the residence of Will McCloy last night, the missile narrowly missing E. F. Lawrence, a member of the firm of Lawrence Bros. of this city. The missile weighed 13 ounces and was thrown with sufficient force to crash through two windows, of double strength glass.

DECIDE AGAINST ROCK ISLAND MAN

WARDENS TAGUE AND CLAVIN GET CONVICTION FOR FISHERMAN.

The Telegraph received a dispatch today from Rock Island stating that Glenn Thompson was fined \$50 before Judge Smith of Rock Island today for seining in Rock river, a fish preserve.

Thompson is the man arrested by Wm. Tague of this city and A. M. Clavin, game and fish wardens, after a piece of especially hard and clever work. The men appeared in court today to testify against Thompson and a hard fight was expected, as the fishermen of that vicinity had raised a fund to retain attorneys to defend Thompson in order to make a test case. The fishermen stated that their fight would be made of the grounds that Rock river was a navigable stream, therefore under the control of the federal government and that for this reason the state of Illinois could not legally pass a law governing operations on the river. They expect to have the Rock river fish preserve law declared unconstitutional.

HIGH SCHOOL MINSTRELS ON DEC. 5TH

The senior class of the Dixon high school has decided on Friday evening, Dec. 5th, as the date for their performance of the International minstrels. The young people have rehearsed faithfully and those who have seen the rehearsals predict a splendid show. Mrs. W. H. Smith is in charge of the production.

FORMER DIXONITE DEAD IN FAR WEST

CHARLES W. BEST PASSED AWAY AT HIS HOME IN RICHMOND, CALIF.

Word has reached Dixon of the death of Charles William Best, formerly of this city, at his home in Richmond, Cal., last Thursday, at the age of 75 years, death following an illness of several weeks duration. The deceased, who was a native of New York, spent many years in Dixon and he will be remembered by many Dixonites. He has lived in Richmond for the past three years.

Beside his wife Frances he leaves the following children: Mrs. Eliza Deeter, Mrs. T. H. Burton, Jerome Best, Frank C. Best, all of Richmond; John B. Best of Los Angeles; Mrs. Jessie Mosley of Fresno, Henry C. Best of Rockford, Ill., Fred W. Best of Arlington, Ill.

He also leaves six grandchildren, Mrs. Sue Hanbecker of Fresno, Mrs. Bessie Ward of Santa Rosa, Cal., Mrs. Helen Burton of Richmond, Mrs. H. Mosley of Fresno, Misses Selma and Marie Best of Rockford and two great grandchildren, Grace and Claude Hanbecker of Fresno.

SCHOOL ELECTION IN N. D. THIS EVE

WOMEN MAY VOTE ON PROPOSITION TO BUY ROCK PROPERTY FOR SCHOOL.

The proposition of the North Dixon school board to purchase the Rock property, at the northwest corner of the present high school block, for \$1800 and to assure payment of the assessment for the newly built macadam street, amounting to (as per city records) \$537.70, comes up this evening. The polls are open from 5 to 7 and every voter should turn out and vote on the proposition. Women can vote on this proposition. The lot is 200x150 feet and is a desirable piece of property. The school is badly in need of the extra room.

MAY REORGANIZE THE STATE NATIONAL GUARD

THIRD BRIGADE MAY BE ELIMINATED UNDER NEW RULING OF WAR DEPT.

WOULD AFFECT LOCAL MILITIA

Company G Part of Third Brigade—Majors Tourtellott and Moore Are Concerned.

Chicago, Nov. 27—A reorganization of the Illinois National Guard will be effected before Jan. 1 next, according to information obtained today at the war department. The reorganization is for the purpose of making the Illinois National Guard conform to the regular army as required by the terms of circular No. 8, issued by Secretary of War Garrison last August.

Under this circular the different National Guard organizations must conform to the organization of the regular army before they can obtain federal aid. Brigadier General A. L. Mills, chief of the militia division of the war department, declared today that the adjutant general of Illinois had assured the department of the purpose of the Illinois militia authorities to reorganize the National Guard to comply with the terms of the secretary's circular.

The scheme of reorganization now being worked out by the adjutant general will be submitted to the war department for approval. The reorganization Brigadier General Mills said, can be made operative without additional legislation.

Statement by Gen. Young. "I didn't know that the adjutant general had decided upon such reorganization, but if such is the case it will have the effect of abolishing the divisional organization, carrying with it my own commission," said Major General Edward C. Young last night.

"Such a change would also abolish the third brigade, which falls to comply numerically with the regulations prescribed in circular No. 8. That would affect Brigadier General Edward Kittilsen of Rock Island and his staff."

The above is of especial interest to Dixon and Dixon military men inasmuch as the Sixth regiment, of which Co. G is a part, is one of the two regiments of the Third brigade, and the abolition of Brigadier General Kittilsen's staff would affect Majors A. T. Tourtellott and A. F. Moore of this city.

DIXON LAD WON IN MATCH YESTERDAY

DOMER OF POLO ALSO TRIMMED RAUSS OF CHICAGO AFTER HARD BATTLE.

Red Wolfe of this city won his match against "Cat" Desvesois of Oregon last evening, in the preliminary of an exceptionally good show, but the Dixon boy was forced to work longer to secure the first fall than he has ever worked before. He and the "Cat" labored strenuously for 35 minutes before "Red" finally pinned his man with a knee scissor and a half-Nelson hold. The second fall went to the Dixon boy in much shorter time, it being accomplished in four minutes by means of a toe hold.

Domer, the clever Polo wrestler, also had his hands full with Paul Rauss of Chicago, but finally triumphed, although the Chicago man put Domer down for the second fall. Domer won the first in 24 minutes, Rauss taking the second in 15 minutes, while the third went to Domer in 35 minutes.

NEW YORK CONCERN FAILS

New York, Nov. 28—Special to Telegraph—The Real Estate Security Co., a mammoth concern with a holding of \$25,000,000 worth of property in Manhattan and the Bronx, failed today. James Rosenberger was named receiver under a \$50,000 bond.

DIXON TEAM SEES NO REASON FOR THANKS

DEFEAT BY FREEPORT 38 TO 0 ON TURKEY DAY IS NOT ENTHUSIASM.

FREEPORT AGGREGATION STRONG

Greater Weight and Superior Skill Bring About Dixon's "Trimming."

The North Dixon high school football team went against one of the strongest teams in northern Illinois at Freeport yesterday in the closing game of the season, and because of the greater weight, higher skill and better team work of the Freeport aggregation, the Dixon boys were administered a 38-0 defeat in lieu of roast turkey and dressing.

Coach Hogan's boys played a remarkably good game considering the great disadvantage they were under and the crippled condition of several of the men and despite the on-sidedness of the score, they kept the 3000 spectators—the largest number that has witnessed any game in Freeport this year—interested throughout the contest.

Ackert in Star Run.

Freeport kicked off to Dixon, but the ball was lost on a fumble and it was Freeport's on Dixon's 15 yard line. Dixon regained the ball in a short time, however, and Ackert electrified the crowd with a 70 yard run around left end, carrying the ball out of danger. His good work went for naught, however, for Dixon lost the ball after a few plays. An exchange of punts and forward passes marked the first quarter, with both teams penalized for off-side plays, before Freeport finally got its first touchdown.

Freeport again kicked off to Dixon and Weiner got the ball, being downed before he could return it. An unsuccessful attempt at a forward pass forced Dixon to kick to Hill, who was downed in his tracks by Duffy, the Dixon boy's tackle being a feature of the game. After a five yard gain by Donahue, Freeport was forced to punt and Byers got the ball. Ackert gained ten yards around the end and Byers made a substantial gain through the line, but hurt his "bum" ankle and was forced to retire. Schroek taking up the burden. The Dixon team started a great march down the field but lost the ball near Freeport's goal and after a few formations J. Guhl got away for a 65-yard run for a touchdown. The next few minutes were all Freeport's and Guhl broke through the line after a great exhibition of open football by the Freeport team, for another touchdown. The remainder of the period witnessed Dixon fighting desperately, keeping the ball in Freeport territory most of the time, the half ending with the score: Dixon, 0; Freeport, 21.

Second Half.

Freeport increased its total 17 points in the second half, the features of the period being a 50-yard run by Donahue and some good work by Sterling, Ackert and Duffy of the Dixon team. The game was marked throughout by fumbling by both of the teams and the officials were forced to penalize both repeatedly for off-side work and disallowed brands of football. The lineups:

Freeport (38)	Dixon (0)
J. Guhl, lb	Curran, re

VETERANS TO STERLING.

A number of members of Baldwin camp, U. S. W. V., will go to Sterling tonight to attend a smoker and luncheon to be given by Leo Bushnell camp of that city, to which the entire Dixon membership was invited. The Dixon men expect to leave on the 7:30 car.

Dementown Doings

Now how many are thankful it's all over, with that stuffy feeling that was so common during the early hours yesterday afternoon? The eyes seem to have it.

And there is general rejoicing that the pile of—aw! what's the use?

Peppermint and pepsin enjoyed a great run yesterday.

Now that all the Goodfellows have had their little day, let's get together and prepare for the great work to be done between now and Christmas.

And all readers can be Goodfellows by remembering that a tired clerk won't have near as merry a Christmas as if you did you shopping early, thereby relieving all clerks of the awful rush which usually crowds onto the holiday.

Pome U Auto No.

Myrtle has a peg top skirt
Slit up to her knee,
Made of flimsy crepe de chine,
Thin as it can be,
Neck and shoes are very low;
You can plainly see
Her silk hose are very sheer—
Sheer audacity!
Myrt a white fox collar has
On her velvet coat,
But it's only in the back;
White hare is her throat.

Myrtle has the rheumatiz
In her dimpled knee;
Quinsy in her lily throat;
Also pleurisy,
Myrtle has a hacking cough,
And her nose is red;
She has influenza, too;
Stuffy is her head.
Through her fever-blistered lips,
Still she gayly smiles;
For she knows she's all dressed up
In the latest styles.

Fillet of Beef.

Although very expensive, a fillet of beef is really cheaper than an ordinary roast; as there is no waste; the butcher will lend it for you, and for twelve persons about four pounds will be ample. It is probably better to select two small fillets, as they will be more tender. After being well seasoned place in covered baking pan, add just a very little water and cook about 35 minutes to be a little rare—longer if you want it well done. When serving cut in even rounds, leaving the ends, as they will be rather dry.

Sour Milk Doughnuts.

Two eggs well beaten, add one cup sugar, one cup of sour milk, one teaspoon of soda in the milk to foam, one teaspoon of melted butter, a little salt, nutmeg, and don't forget to add a pinch of ginger to make them light. Now sift in flour with one teaspoon baking powder. Mix soft as can be handled. They are fine rolled in sugar while hot.

Chicken Pie.

Parboil the chicken one hour. Add to the water salt, pepper and a cupful of milk thickened with two table-spoonfuls flour. Line a deep dish with a very nice paste, put in the chicken (cut up), add gravy. Cover with paste immediately. Make a small hole in center of pie and ornament with cross strips of paste. Bake 45 minutes.

Hot Clam Broth.

Wash and boil about two dozen clams in one pint of boiling water. Boil ten minutes, remove the shells and strain the liquor. Season with pepper. Serve hot with a tablespoon of whipped cream seasoned with salt in each cup. Serve with croutons.

CATARRHAL TROUBLE ENDED ---USE HYOMEI

You Breathe It—No Stomach Dosing—Clears the Head.

Use nature's remedy for catarrh or cold in the head, one that is harmless, yet quick and effective.

It is the healing oils and balsams of Hyomei which you breathe through a small pocket inhaler. This curative and antiseptic air reaches the most remote cells in the nose, throat and lungs, killing the catarrhal germs and quickly restoring health to the diseased mucous membrane.

Hyomei has benefited so many sufferers in the worst cases of catarrh, with offensive breath, raising of mucus, frequent sneezing, droppings in the throat and spasmodic coughing with a guarantee to refund the money if it does not do all that is claimed for it. A complete Hyomei Outfit, containing inhaler and bottle of liquid, if needed, 50 cents. Druggists everywhere sell Hyomei.

Cream Cheese Salad.

Molten one Neufchatel cheese with a little milk. Form into small egg shapes and serve in nests of lettuce leaves with a French dressing made of four tablespoonfuls of oil, two tablespoonfuls of vinegar, one-half teaspoonful of salt and one-quarter teaspoonful of pepper.

Roast Beef Warmers.

Fry half a minced onion in a tablespoonful of butter, then add a small can of tomatoes, mashing any lumps until the whole is smooth. Season with pepper, salt and sugar. Allow this to become very hot, then lay in slices of cold beef and heat through.

Country Succotash.

One pound country pork (mixed), boil until tender; then add two quarts lima beans, boil one-half hour, then add four ears of corn cut off the cob, one cup of milk (boil ten minutes), remove the pork, add one large tablespoon of butter.

Rice Omelet.

One cup of boiled rice, four eggs, a dash of salt, pepper, mustard. Beat all well together and pour into a hot buttered skillet or shallow baking pan. Cover and cook on the stove ten minutes, or bake 15 minutes in hot oven.

Sweet Potato Crouettes.

One beaten egg, one tablespoonful cream, a little salt, beaten with cold boiled sweet potatoes; shape into balls, dip in beaten egg, then in crumbs; fry to a golden brown.

Butter Economy.

Take half butter and half cream, beat together and spread on bread. This makes it very good and also saves on the butter bill.

To Remove Ink Blots.

Ink blots can be easily removed from books by covering them with salt and rubbing gently with the fingers.

HUGE MAIL FUND ASKED CONGRESS

Burleson Seeks \$306,000,000 Appropriation to Run Postal Service.

\$106,000,000 FOR THE ARMY

Record-Breaking Estimates for Military Forces Requested of Lawmakers by the War Department.

Washington, Nov. 28.—An appropriation of \$306,000,000 for the postal service for the next fiscal year has been submitted to congress by Postmaster General Burleson. This sum, if granted, will be the greatest allowed for this service in a single appropriation measure.

The estimates contemplate a substantial extension of the parcel post service, which is credited with a large part of the surplus of \$4,500,000 earned by the postal service for the fiscal year just closed.

Representative Madden of Illinois introduced a bill providing that the salaries of assistant postmasters and employees above the clerical grades in first and second class post offices shall be based on the gross receipts of their offices. Assistant postmasters in offices where the gross receipts are less than \$40,000 a year would get 60 per cent. of the postmaster's salary. Where the receipts are over \$40,000 the salaries would vary in accordance with a schedule prepared by Mr. Madden.

\$106,000,000 Asked for Army.

One-cent postage promises to be one of the live issues to be fought out in the regular session of congress. No fewer than a dozen bills on the subject already have been introduced, and it is said about half of these provide for penny postage outright.

Record-breaking estimates for army appropriations were laid before congress by the war department. Secretary Garrison transmitted to the house his estimates for the military establishment during the next fiscal year, aggregating \$106,000,000, which is roughly \$10,000,000 more than the figures submitted a year ago for the army bill.

Secretary Houston wants \$25,000,000 appropriated for the agricultural work of the government. His estimates will be submitted to congress this week.

COLOMBIA SNUBS COLONEL

Natives Express Hatred for Former President.

New Orleans, Nov. 28.—A dispatch from Bogota says: "The republic of Colombia has issued orders for all its consuls, ministers or other resident officials in other South American states to take absolutely no part in the reception of Colonel Roosevelt. Such was the nature of the orders that in several cities the Colombian representatives are said to have gone out of their way to 'snub' the man who took Panama."

Colombia is bitterly jealous of the attentions showered upon the former American president, and the Bogota papers daily publish caustic editorials and news articles denouncing him. Several cartoons display the colonel in the act of annexing all South America to the United States.

As an indication of the feeling on the part of the populace, an art store which displayed a Roosevelt picture was wrecked by a mob several nights ago. Several gendarmes who tried to restore peace were beaten by the crowd and the picture of Roosevelt, with the head cut off, was nailed upside down to a post.

ONE-ARMED MAN IN RESCUE

Saves Swimmer From Drowning in Lake Michigan.

Chicago, Nov. 28.—Henry Carlson owes his life to the heroism of Stanley Martin, a one-armed yardman in the employ of the Chicago & Northwestern railroad. Thrown into the water when his canoe overturned a quarter of a mile out in Lake Michigan, Carlson, who is an expert swimmer, reached ashore too exhausted to climb the high piling of the dock at Thirty-fifth street, and would have drowned had not Martin, heedless of his own safety, pulled him onto the dock.

BIG FIRE AT DECATUR, ILL.

Hominy Company's Mill Totally Destroyed.

Decatur, Ill., Nov. 28.—The Decatur mill of the American Hominy company was burned to the ground. The loss amounted to over \$100,000. The fire started in the dryer room at the top of the mill and burned downwards. The mill is said to have ground more corn than any other mill of its size in the world. It will be rebuilt.

Freck Coat Order Modified.

London, Nov. 28.—It transpired that the order issued by King George that officers of the guards when off duty shall wear silk hats and frock coats when in the streets near Buckingham palace applies only to such times as the king is in London. The order was issued in consequence of officers taking part in games passing to and fro in flannels.

Tongue Sandwiches.

Tongue sandwiches can be made in many varieties. This is one good sort: Chop cold boiled tongue fine, add to it a little chopped onion and parsley, and spread it between buttered slices of whole wheat bread. Another filling is made with cold boiled tongue that has been pounded to a paste and mixed with a little currant jelly. Still another tongue sandwich is made by putting slices of boiled tongue, garnished with crisp leaves of watercress, between thin slices of buttered white bread.

Hamburg Eggs.

Cream two tablespoonfuls of soft bread crumbs, one tablespoonful butter and a little minced parsley seasoning with salt, paprika and celery salt. Work all to a smooth paste, and with it line small individual patty tins that have been brushed with melted butter; break an egg carefully into each, and after dusting lightly with salt, cover with a mixture of melted butter and brown bread crumbs, cook for six minutes in hot oven. Serve in the pans.

Fish Souffle.

Make a cream sauce of one large teaspoonful of butter, one tablespoonful of flour and one cup of milk. Have ready one cup of cold fish (any kind) in small pieces, beaten yolks of two eggs, and salt. After making the sauce add the fish and eggs; if desired add a drop or two of table sauce. Let it cook a minute, let cool and fold in the whites beaten stiff. Have ramekins or buttered dish ready, place in hot water in a pan and bake 20 minutes. These will be light and delicious.

Codfish Salad.

Put a piece of white codfish to soak over night. In the morning pour off the water, put on fresh cold water and let come to a scald. Try, and if still salt, repeat, as it wants to be tender and soft like fresh fish. Pick up, in flakes, cut a hard-boiled egg in pieces, mix with it some chopped lettuce, line a dish with crisp leaves, cover with the mixture and pour salad dressing over it.

Round Steak Cooked in Gravy.

Get one pound round steak, cut thin. Cut into several pieces and brown on stove with a little butter or clean grease. Bacon is good. Do this about nine o'clock for noon dinner. Then cover with water and set back on range, letting it cook until nearly 12 o'clock. Turn once between and salt it. Then thicken the gravy and turn over meat. Add more water as it cooks.

Double Wedding

(Wednesday morning)

This morning at 8 o'clock a double wedding took place, when Miss Mary Garland and Lawrence Morrissey of Walton were married and Miss Winnifred Garland and Clayton Kugler of Harmon were also united in the holy bonds of matrimony.

The wedding of Miss Mary Garland and Mr. Morrissey was solemnized by a nuptial high mass, Rev. McKeon officiating in the presence of many friends and relatives. The bridesmaid was Miss Nano Morrissey, sister of the groom, and Thomas Garland, brother of the bride as best man. Miss Gertrude Conside sang at the entrance of the bridal party and during the services. The bride wore a brown traveling suit and carried a white prayer book.

Miss Winnifred Garland and Clayton Kugler were married at the parish house at 7:45, Rev. McKeon officiating.

The bridesmaid was Miss Agnes Garland, cousin of the bride, and the groomsmen were Thomas Garland, a brother of the bride.

The bride wore a tan traveling costume and hat of the same shade.

Mr. and Mrs. Morrissey went to Secor, Ill., for a short visit and Mr. and Mrs. Kugler went to Peoria immediately after the ceremony, to visit.

All four young people are very popular young people and have the sincere best wishes of a host of friends.

Rev. J. A. Murray solemnizing the ceremony.

The choir sang the nuptial high mass, with Mrs. E. C. Walsh Jr., of Rock Island, and Eugene J. Walsh, a brother of the bride, as soloists.

The bride is the daughter of A. Walsh, 340 Third avenue, Clinton, Ia., and Dr. Carney is the only son of Mrs. Mary Carney of this city.

The wedding ceremony was performed in the presence of only the immediate relatives being present.

The wedding breakfast which followed the ceremony was also a family affair.

The bride was attended by Miss Ruth Carney, of Davenport as bridesmaid, and James W. Walsh of Davenport where he has a fine large three other brothers, M. A. Walsh of Clinton; Charles Walsh of Burlington, Ia.; Alfred A. Walsh of Davenport, and Edward Dougherty of Davenport were ushers.

Dr. Carney is a Dixon boy with hosts of friends here who wish him every happiness and success. Since his graduation from the College of Physicians and Surgeons in St. Louis he has been practicing medicine in Davenport, where has a fine large practice.

Dr. and Mrs. Carney have left on a wedding trip through the east.

Merriman-McBride

A wedding of much interest to Dixon friends took place yesterday at 12:15 o'clock, when Miss Bessie E. McBride, daughter of Mr. and Mrs. John McBride, was united in marriage to Guy L. Merriman, son of Walter L. Merriman, formerly of Dixon.

The ceremony was performed by Dr. Ralph Crissman, the young couple being attended by Mr. and Mrs. H. H. Bonin, sister of the bride and her husband.

The bride was simply yet handsomely gowned in a blue tailored suit, with which she wore a hat of the same shade.

After the ceremony a bounteous wedding dinner was served the immediate family at the home of the bride's parents.

Both young people are well known here, graduating from the south side high school.

Mr. Merriman went to the University of Illinois and is a bright, progressive young man for whom we predict a brilliant future.

Mrs. Merriman who has been the recipient of many pre-nuptial courtesies, has the admiration and respect of a host of friends who wish her every happiness. She has been cashier and bookkeeper at the O. H. Brown dry goods store for some time.

The couple left on a wedding trip through the south, and will visit at the home of the groom's father in Missouri on their large and beautiful farm, till January, when they will return and make their home on the Merriman farm three miles west of Dixon, where they will be at home to friends.

HAIR COMING OUT? GOT DANDRUFF OR DOES SCALP ITCH?—25 CENT DANDERINE

SAVE YOUR HAIR! MAKE IT SOFT FLUFFY, LUSTROUS AND BEAUTIFUL.

Try as you will, after an application of Danderine, you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most, will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle

and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy, and have an appearance of bundance; an incomparable lustre, softness and luxuriance, the beauty and glimmer of true hair health.

Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all.

R. Thomas of Thompson, Ill., and Girtzen A. Stram of Morrison, Ill., were united in marriage, at the Presbyterian church of this city, Rev. R. M. Crissman officiating. They will reside on a farm near Thompson, where they will be followed by the best wishes of many friends.

Thanksgiving Here

Masters Lewis, Frank and Floyd Miller of Willow Creek spent Thanksgiving with their cousins, Stanley and Erman Miller, of this city.

House Party

The celebration of Turkey day was fittingly and pleasantly accomplished at a house party given Wednesday and Thursday by Misses Nora and Margery Hawkins at their home in Polo. Dancing and cards were features of the royal entertainment furnished by these hospitable hostesses and the fortunate guests were indeed thankful to have been present at this delightful celebration of Thanks giving day.

The guests were Miss Nina Hildebrand of Polo, Messrs. Ellsworth Reynolds of Morrison, Paul Holsinger of Mt. Morris and Everett Dutcher of Dixon.

Thanksgiving Sociable

One of the most enjoyable socials and entertainments to be given this winter was held by the Rebekahs at the I. O. O. F. hall Wednesday evening when about 150 loyal members gathered in the dining room at 7 o'clock and partook of one of the most delicious and appetizing scrumptious suppers that the ladies excel in preparing.

Dr. C. A. Robbins made the rich cream oyster soup that was certainly fine and the other palatable viands were in accordance with a Thanksgiving feast, to which all did ample justice.

While the tables were being cleared and the chairs removed for the dancing, the participants retired to the reception room where an interesting program was given, each number being interesting and worthy of mention.

The remainder of the time was spent "tripping the light fantastic," card playing and social intercourse.

Mr. and Mrs. Dave Murry and Claude Horton were Thanksgiving guests at the home of Mr. and Mrs. Leivan in Palmyra.

Weakly Women

are likely to find life and its duties a BURDEN. To be TIED to the house day in and day out may turn even home into a PRISON! Women require a little freedom.

However, some people think poor health is fate's decree. At any rate to see others BLITHE AND BUOYANT going while you suffer, certainly points that way.

Be that as it may, Fate LOSES its power when understanding comes to dwell with you. That YOU may ENJOY life as others do, a FEW moments of my time are yours freely.

SHANK READY TO QUIT

Mayor of Indianapolis Plans Drastic Move.

Asserts He Will Allow Labor Men Until Noon to Settle Their Disputes Before Acting.

Indianapolis, Nov. 28.—Mayor S. L. Shank says that he will resign at noon today if he is unable to bring about a peaceful settlement of the labor disputes in this city. If he quits under a state law the heads of the city departments must also quit.

Threatened with impeachment proceedings unless he averted labor troubles in the future, and informed by prominent labor leaders that they could not at this time assure him that there would not be industrial disturbances, the mayor said:

"I had a meeting with Albert Lowry of the Central Labor union and T. J. Farrell, general organizer of the International Brotherhood of Teamsters, and we reached no solution of the labor question. The labor leaders have promised to inform me between 11 o'clock and noon today as to whether there will be future labor controversies. If their reply is to the effect that future trouble will occur I will resign."

If Mayor Shank resigns with him must go the three members of the board of public safety, the three members of the board of public works, the city civil engineer and corporation counsel. In case Mayor Shank's resignation is sent to the city clerk, Harry H. Wallace, the present city comptroller, will become the legal head of the city government.

3 LOST IN RESCUE ATTEMPT

Officer and Seamen of Steamship Drown Trying to Save Passenger.

San Francisco, Nov. 29.—Four men drowned at sea from the Pacific coast liner President were included in the reports that followed in the wake of the heavy rain storm that raged up and down the California and Oregon coasts Wednesday night and caused widespread damage and delay to shipping.

Reports of the four men drowned from the steamer President reached this city by wireless. The President was en route from Seattle to San Francisco and was 50 miles off Coos Bay, Ore., when one of the men was washed overboard. Three members of the crew who went to his rescue were drowned when the small boat in which they put out was swamped.

The drowned were: Clarence Leach, an, steerage passenger; J. Shane, fourth officer; O. Jurischuck, quartermaster; H. Hansen, seaman.

Rumor Says Mitchell Will Make Pure Food Expert Health Chief.

Washington, Nov. 28.—It was learned here that Dr. Harvey W. Wiley, formerly chief of the bureau of chemistry in the department of agriculture, may be appointed health commissioner of Greater New York. Because of his affiliation with the anti-Mitchell element Ernest J. Lederle, the present health commissioner, is reported to be slated for retirement when Mayor-elect John Purroy Mitchell returns from Panama and the new reform administration assumes control. Doctor Wiley's appointment, it is said, will not be based on politics.

Biggest Oil Carrier Launched. Jarrow, England, Nov. 28.—The largest oil-carrying vessel in the world, having a capacity of 15,000 tons of oil, was launched here. The vessel was christened San Hilario by Miss Herbert J. Carr of New York city.

FLOOR RECORD WAS
BROKEN LAST NIGHTVERY LARGE ATTENDANCE AT
ELKS' BAZAR INSURES
ITS SUCCESS.

All floor records for Rosbrook's Hall were broken last night at the Elks' fair, the receipts from the dance floor during the three hours dancing was in progress being over \$10 more than was ever accumulated before. The attendance was exceptionally large even for a holiday evening, and every one of the pleasure seekers was in real happy spirits. As a result of the large attendance that has marked the fair all week its success is assured, and it bids fair to be one of the most remunerative bazars ever given by the Dixon lodge. The Marquette orchestra furnished the music for the dancing last evening and will complete the fair. This evening Miss Seyfarth will give an exhibition of fancy dancing, illustrating the tango, Maurice glide, castle walk and other late steps.

SALOONS CLOSED FOR
NORTH SIDE ELECTION

The saloons in the business section of the city were closed today because of the special election to be held at the North Dixon high school from 5 to 7 o'clock this evening, all of the drink emporiums in the downtown section being within a mile of the polling place, and therefore required to close. The downtown bars were open and accordingly enjoyed increased business.

Dwight Rolph left this morning for Montgomery, Ala., where he will start in operation one of the tile ditching machines manufactured by his father, B. M. Rolph. This machine has been sold to R. J. Grable, a drainage contractor of that city, who was formerly connected with the government drainage bureau.

After making extended investigations Mr. Grable preferred Rolph's ditching machine to any other make.

HUNTED WITHOUT LICENSE;
FINED \$25 AND COSTS

Deputy Game Warden Rabbitt the other day caused the arrest of Clyde Henley and Standish Fenkle of for hunting on the Alex Anderson farm in Eagle Point township, Ogle county, for hunting without a license. The men were taken to Polo where Justice Swindt fined them \$25 and costs each.

DR. PANKHURST HERE.

Dr. James Pankhurst of Grand Detour was in Dixon today for the first time since last January. He has been very ill for some time, but is much improved, to the pleasure of his very many friends. The Grand Detour physician is again taking up part of his practice, although he still declines to do night work.

Miss Leila Dysart spent Thursday in Elgin.

County Judge R. H. Scott is confined to his home by an attack of la grippe.

HUERTA IN FEAR
OF CONSPIRACYImprisoned Deputies of Former
Congress Placed in Sep-
arate Cells.

EXECUTIONS MAY FOLLOW

Rebels Said to Have Slain Spanish Consul and Several Subjects of Spain During Fight at Victoria.

Mexico City, Nov. 28.—President Huerta gave orders that the deputies of the previous congress who were arrested when that body was dissolved and Huerta assumed the role of dictator are to be placed in separate cells and not allowed to communicate even with their families. It is thought probable that the execution of several of the imprisoned deputies as traitors to the federal government will be ordered without delay. There are now in prison about 100 ex-deputies. It is believed that the receipt of information by Huerta that a plot was on foot to seize the capital when the main body of federal troops had left the city to proceed against the northern rebels.

Spanish Consul Slain? City of Mexico, Nov. 28.—During the rebels' looting and burning of Victoria, it was reported by arrivals from Tampico, the Spanish consul and several Spanish subjects were killed by the revolutionists.

The rebels, who left Victoria after destroying the city, are reported marching on Tampico, 7,000 strong. They are under Generals Aguilar and Abel Salazar. It is said a demand for Tampico's surrender has been made.

A federal military train with 150 soldiers aboard was dynamited during the day at El Salado, 60 miles south of Saltillo.

Spaniards Appeal to U. S.

El Paso, Tex., Nov. 28.—Spanish residents of Juarez appealed to the American consul, Thomas B. Edwards, to take charge of their possessions in that city, as Gen. "Pancho" Villa had threatened to confiscate their stores and other property. Consul Edwards accepted the custody of the properties.

There are about 100 Spaniards in Juarez. They had aroused Villa's displeasure by refusing to accept rebel fiat money and by closing their stores.

Business houses in Juarez closed doors in the afternoon on the assurance of an order by General Villa that shopkeepers must accept constitutional fiat money. When he learned the merchants had closed the stores rather than accept the rebel currency, he announced that he would confiscate their stocks. The Spanish appeal to Consul Edwards was one result.

Plans to Take Chihuahua.

Meantime Villa prepared for a campaign designed to end in his capture of the city of Chihuahua. He obtained thousands of dollars' worth of provisions in El Paso, which were transported across the international line. He said he would have 12,000 men when he was ready to attack Chihuahua.

Demand Tampico Surrender.

GEN. SCOTT VISITS INDIANS

Confers With Navajos to Prevent Uprising.

Farmington, N. M., Nov. 28.—An Indian runner arrived here with the first news of the movement of the Twelfth cavalry, acting as escort for Brig. Gen. Hugh L. Scott, ordered to the Navajo Indian reservation ten days ago to prevent an uprising. General Scott, accompanied by an Indian interpreter, left Noel Trading Post, at the foot of Beautiful mountain, the Indian stronghold, for a powwow with the Navajo chiefs. General Scott left his cavalry and escort 15 miles away, proceeding on horseback to the top of the mountain. The outcome of his conference will decide whether the Indians will surrender without a fight.

FAMILY THEATRE

Rhoda & Crampton, two operatic singers are at the Family in a sketch called Between the Reels and made their first appearance at the matinee yesterday. Their singing is exceptional and the selections from Carmen and the Bohemian Girl were exquisitely rendered. They are without doubt two of the best singers ever heard at the Family.

Tom Kerr, a comedy violinist proved a master of his instrument. His imitations were excellent.

This evening the Bride of the Sea in two reels and Clara's Mysterious Toy will be shown.

DOES YOUR HAIR
SPOIL YOUR FACE?

If your glass reflects good looks—nice features that would make you considered pretty if only your hair were more becoming—don't you mourn about it. Instead of mourning or envying others whose hair is prettier than yours, use Harmony Hair Beautifier, and let others envy you. It is a delightful liquid hair dressing to beautify the hair—make it glossy, softer, easier to put up in graceful, wavy folds that will "stay put." It polishes the hair until it shines, and overcomes the unpleasant, oily odor, with a delightful fresh rose fragrance. Harmon Hair Beautifier is very easy to apply—simply sprinkle a little on your hair each time before brushing it. Contains no oil; will not change the color of hair, nor darken gray hair.

To keep hair and scalp dandruff-free, and clean, use Harmony Shampoo. This pure liquid shampoo gives an instantaneous rich lather that immediately penetrates to every part of hair and scalp, insuring a quick, thorough cleansing. Washed off just as quickly, the entire operation takes only a few moments. Contains nothing that can harm the hair; leaves no harshness or stickiness—just a sweet cleanliness.

Both preparations come in odd-shaped, very ornamental bottles, with sprinkle tops. Harmony Hair Beautifier, \$1.00. Harmony Shampoo, 50c. Both guaranteed to satisfy you in every way or your money back. Sold in this community only

HOW TO AVOID COLD
WEATHER DISEASES

To prevent cold weather diseases, put your body into a proper healthy condition to successfully resist them. Colds, grippe, bronchitis, pneumonia, catarrh, typhoid fever, rheumatism and other ailments may be escaped in most cases, if this is done. Build up your health and strength—your nerves and blood and entire body—into such shape that you can count on good health all during the winter months—by taking Rexall Olive Oil Emulsion, the ideal blood, nerve and body builder.

This is a remarkable medicine, but a common-sense one. It doesn't stimulate. So-called "tonics" that stimulate give you no permanent relief; but leave you worse off than before. Rexall Olive Oil Emulsion contains none of these harmful, stimulating ingredients, such as alcohol and dangerous and habit-forming drugs. Its great benefit to you is through its real nerve and blood and body-building effects. It nourishes, builds, strengthens. Its merit does not rest on making you feel better for a few minutes at a time after taking it, but on making you feel better as a result of making you well.

Rexall Olive Oil Emulsion is the ideal blood and nerve-food tonic. You who are weak and run-down, and you who are apparently well now, but are liable to suffer from various cold weather ailments, use Rexall Olive Oil Emulsion to get and keep well and strong. For the tired-out, run-down, nervous, emaciated or debilitated—the convalescing—growing children—aged people it is a sensible aid to renewed strength, better spirits, glowing health.

Rexall Olive Oil Emulsion—king of the celebrated Rexall Remedies—is for freedom from sickness of you and your family. You'll be as enthusiastic about it as we are when you have noted its pleasant taste, its strengthening, invigorating, building-up, disease-preventing effects. If it does not help you, your money will be given back to you with out argument. Sold in this community only at our store—The Rexall Store—one of more than 7,000 leading drug stores in the United States, Canada and Great Britain.—Campbell & Son, 105 First St., Dixon

Waffles.

Two cupsfuls sifted flour, two teaspoonfuls baking powder, one-half teaspoonful salt, two tablespoonfuls butter, three eggs, one and one-half cups milk.

Mix the dry ingredients and sift together several times. Cut in the butter as in biscuits. Separate the eggs, beat yolks and mix with milk; add this to the dry ingredients, beat well, then fold in the stiffly beaten whites. The batter should be of pouring consistency; if too thick add milk, then cook in hot buttered waffle irons.

HIGHEST PRICE FOR COTTON

Movement Inaugurated at Bonham That Deserves Consideration of All Shipping Points.

The merchants of Bonham, Tex., have organized a company to offer the farmers top prices for their cotton. The company does not care to deal in cotton, but will take it where the regular buyers refuse to pay the highest market price.

The business men of Texas are beginning to realize that they can become most useful on the marketing side of agriculture and the Bonham movement deserves the consideration of all other shipping points.
 Business men can employ their energies to no better advantage than to assist farmers in getting fairer market prices for their products.

Marketing Cream.

On farms where a hand separator is used more money can often be obtained by selling sweet cream to hotels, confectioners and ice-cream makers than by selling sour cream to the creamery. Of course, it is more trouble to market sweet cream than sour, as the product must be taken to market oftener, and care must be exercised to keep the cream perfectly sweet, but where the market is not too far away all these difficulties can be met nicely.

Ice cream manufacturers desire a thin cream, testing about 18 per cent. fat, and this, of course, leaves less skim milk on the farm than when a high-test cream is marketed, but the better price received for the sweet cream is usually enough to pay for this and the extra trouble.

Health of Young Pigs.

Young pigs should not be given crowded quarters. In order to keep them in a healthy, growing condition, a proper diet should be fed. Healthy individuals possess a certain amount of power to resist disease, and this plays no small part in preventing it.

AUTO MISHAP AT
FRANKLIN GROVE

SOUTH DAKOTA MAN'S MACHINE
GOES OVER EMBANKMENT
AND BURNS.

Franklin Grove, Nov. 28.—Special to Telegraph—W. A. Sprick of Stickney, S. D., had a narrow escape from death at about 11:30 last night when his automobile pitched over a 15-foot embankment at the bridge on the "S" turn west of this place, rolled over three or four times before it landed at the bottom of the ditch and was finally consumed by fire.

The accident, which was the result of the sharp turns in the road and the driver's ignorance of the location of the bridge and big fill there resulted in nothing more serious to Mr. Sprick than bruises and minor cuts about the body, which Dr. Banker of this place attended to, when the injured man appeared at his home about thirty minutes after the mishap.

Mr. Sprick, who had been to New York City with his car, was returning home and hoped to reach Dixon to put up for the night. His lack of knowledge of the roads resulted in the machine, a two-cylinder Mason, going over the bank. Fortunately the driver was thrown clear of the machine as it pitched over the fill, or the accident would likely have had a tragic finale. Mr. Sprick will leave Franklin Grove this evening for his home via railroad.

TIME NEARLY UP.

The Americans In Panama

Story of the Panama Canal From Start to Finish

By WILLIAM R. SCOTT

Published by the Statler Publishing Company,
501 Fifth Avenue, New York City.

CHAPTER IX.

The Canal Under Goethals.

PRESIDENT ROOSEVELT had at last found public sentiment educated to the point where the canal could be put exclusively in the hands of the government engineers. The personnel of the third commission he appointed on April 1, 1907, was as follows:

Lieutenant Colonel George W. Goethals, chairman and chief engineer; Major D. D. Gaillard, U. S. A.; Major William L. Sibert, U. S. A.; H. H. Rousseau, U. S. N.; Colonel W. C. Gorras, U. S. A., medical corps; J. C. S. Blackburn, Jackson Smith, Joseph Bucklin Bishop, secretary.

The president also took advantage of the reorganization of the commission to further consolidate power in the chairman. Not only was Colonel Goethals made chairman of the Isthmian canal commission and chief engineer of the Panama canal, but the executive power in the canal zone, formerly exercised by the governor, was vested in him, as well as the presidency of the Panama Railroad company, thus making every official and employee and the members of the commission subordinate to him.

Colonel Goethals appreciated the feelings the employees had over the prospect of army engineers for directors of the enterprise and in his first speech in the canal zone dispelled the idea of militarism in the canal management. He promised a fair hearing to every man with a grievance, the manner in which he carried out this promise being one of the distinctive great qualities he later revealed as an administrator. Few persons in the canal zone had heard of Colonel Goethals before his appointment as chief engineer. Yet his previous experience had qualified him ideally for the important work now in hand. He had been building locks and dams, had been chief of engineers in the Spanish-American war, was a graduate of and had taught in West Point and had seen other construction experience that made him at home in any kind of work the canal should require.

Contrast for a moment the situation as faced by Colonel Goethals with that faced by Mr. Stevens in 1895. In 1907 fire was under the boiler and steam was up. When Mr. Stevens relinquished the throttle the army of workers had begun to come close to the million mark in monthly excavations in the Culebra cut. There were sixty-three steam shovels at work on the canal. The Panama railroad had been double tracked throughout and the

mileage in the Culebra cut and elsewhere brought up to 106.78 miles; the machine shops at Gorzosa and Empire were equipped for any kind of repair work or original construction.

There were approximately 30,000 employees, and the recruiting agencies in Europe, the West Indies and the United States constantly were sending additions. Quarters for employees, office buildings and all other structures consisted of 2,600 buildings of American design and 1,536 remodeled French buildings. The commissary for supplying food, clothing and general merchandise to employees was organized and had branches in seven canal zone towns. There were fifteen hotels in operation for bachelor employees, and four recreation clubhouses had been constructed, besides church and lodge buildings. Twenty-four public schools afforded educational facilities to the canal zone children. The police system, the courts, postoffices and fire departments were thoroughly organized. In short, the preparatory stage of the canal had passed and the constructive stage had begun.

Necessarily all the basic work accomplished under Wallace and Stevens is lost sight of in view of the magnificent superstructure erected under Colonel Goethals. The modern sightseer has nothing to remind him of the wretched conditions of the first two years, the battle with disease, the arduous labor of creating in the jungle a duplicate American civilization, the tantalizing struggle with government red tape before a stick of timber, a pound of iron, a shipment of food or an efficient workman could be secured.

Colonel Goethals deserves the admiration that his service on the canal has evoked, but the generality of writers, looking at what exists today and heedless of the beginnings of the task, lose their perspective and commonly fall into the error of ignoring the very remarkable and wholly vital preparatory work under John F. Stevens.

President Roosevelt had selected in Messrs. Gaillard, Sibert, Rousseau and, later, Hodges engineers of exceptional ability, who, with S. B. Williamson, picked by Colonel Goethals, demonstrated capacities which in a large measure account for the splendid progress of the Goethals administration.

It would be erroneous to assume that Colonel Goethals had nothing to do but sit back and watch the signals on the main line of canal construction, as indicated by his predecessors. The decks, indeed, had been cleared for action and the blueprints nicely finished and tied with ribbon, but the real struggle was just beginning.

The first annual report of the commission, to be written as of June 30, the end of the government's fiscal year, was issued by Colonel Goethals in 1907, three months after Mr. Stevens resigned. The president had asked Colonel Goethals to report on the contract plan after an inspection of the canal, and this masterly argument against turning it over to private contractors is the report's most notable feature, aside from its unusual comprehensiveness.

Taking a survey of the conditions when he took charge, Colonel Goethals found that 80 per cent of the plant for finishing the canal was on the ground or ordered. The preliminary work for relocating the Panama railroad had been done, and actual construction of the new line was begun in June, 1907, shortly after his arrival. Excavations in the lock sites were uncompleted, and it was two years later, in 1909, before any concrete was laid. In April, the month he arrived, nearly 900,000 yards were removed from the Culebra cut, the best month's work to that date. Dredging in the Atlantic and Pacific entrances of the canal had gone ahead steadily, though not extensively. Less than 6,000,000 yards had been removed from the Culebra cut by both Wallace and Stevens.

The fall of 1907 and the month of October presented a new problem in the canal construction which ever since has been one of the most formidable and uncertain factors in the project. A slide began at Cucaracha on the east side of the cut near the town of Culebra and suddenly filled the cut, closing it for transportation. In 1884 the French had noted this earth movement, and during Colonel Goethals' first years on the canal it involved an area of forty-seven acres. Before dirt trains could move through the cut steam shovels had to work night and day for several weeks, and from that time onward the slides have been the bugbear of the organization, not because they were insuperable, but from the extra work they involved and the possibility that they might delay the completion of the project.

Right then it was realized that the canal involved more excavation than the minority of the board of advisory engineers had estimated. Several important changes in the plans for the canal came within the first eighteen months of the Goethals administration to make the job far more stupendous than contemplated in the plans of 1906. Colonel Goethals recommended and President Roosevelt approved on Dec. 20, 1907, a change in the location of two of the Pacific locks. The revised plans changed two locks from La Boca, on the Pacific coast, to Miraflores, about seven miles inland, which not only would make them safe from bombardment, but was a more practicable engineering plan. A mile and a half farther inland were the Pedro Miguel locks, which would raise ships the final height to the great Gatun lake at its Pacific terminal, and between the Pedro Miguel and Miraflores locks was a small artificial lake. From Miraflores to the Pacific a sea level channel 500 feet wide was to be dug.

Another change in the plans was approved by the president on recommendations by the navy board on Jan. 15, 1908. The locks were ordered enlarged from 85 by 900 feet to 110 feet by 1,000 feet, usable dimensions, to meet the anticipated increase in the size of commercial and war vessels.

The Pennsylvania of our navy will be ninety-seven feet wide, or six and one-half feet on each side of the ship in the locks. The Imperator of the Hamburg-American line is 96 feet wide and 919 feet long, so that it appears that the locks may become too narrow before they become too short. The cost of the locks was increased \$5,000,000 by the change in plans.

A third vital change in the original plans came on Oct. 23, 1908, when the president authorized the widening of the Culebra cut for five miles from 200 feet to 300 feet at the bottom. This would enable ships to pass going in opposite directions anywhere in the cut and increased the cost of this part of the canal by \$14,000,000. Since these three important changes there have been no substantial changes in the canal plans except the decrease in the proposed height of the huge Gatun dam. Additional excavation to the extent of 70,871,504 cubic yards was necessitated by the new plans over the estimate of 103,735,000 yards made in 1906, or a total of 174,606,504 yards for the completed canal. But slides that later developed and further changes in the plans since 1908 have added 47,000,000 yards to that total, bringing it up to 221,606,504 yards. Thus Colonel Goethals has had to dig more than twice as much dirt as Mr. Stevens expected to take out and has done it in less time than was estimated for the original yardage.

Based his figures on the revised plans, Colonel Goethals in 1908 issued the following estimate of the cost of the Panama canal:

ATLANTIC DIVISION—SEVEN MILES.
Breakwater in Limon bay..... \$11,432,000

HEADACHY, COSTIVE, BILIOUS, "GASCARETS"

Liver and bowels are clogged—Clean them tonight! Feel Bully!

Get a 10-cent box. Sick headache, biliousness, dizziness, coated tongue, foul taste and foul breath—always trace them to torpid liver; delayed, fermenting food in the bowels or sour, gassy stomach.

Poisonous matter clogged in the intestines; instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, sickening headache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep—a 10-cent box from your druggist means your head clear, stomach sweet and your liver and bowels regular for months.

FRENCH OMELET VERY GOOD

Slightly Different From the Usual Combination, but Is Excellent Breakfast Dish.

Use more yolks than whites of eggs, to insure the proper tenderness. The pan should be small and thin, to secure a thick omelet and quick cooking. For a small omelet, take two whole eggs and the yolks of two more; beat with a spoon until a full spoonful can be taken up, add three tablespoonfuls of water, one-fourth a teaspoonful of salt and a dash of pepper, and when well mixed turn into a hot omelet pan in which a tablespoonful of butter has been melted. Move to a hot part of the range for a few seconds, then with a thin knife or spatula separate the cooked portion from the side of the frying pan and shake the pan back and forth in such a manner that the cooked portion may rumple on the pan and leave space for the uncooked egg to run down upon the hot surface of the pan. When cooked to a creamy consistency throughout begin at the side of the pan next the handle and roll the omelet over and then upon a hot plate. Serve at once.

RIVERS DEFEATS CROSS

Mexican and New Yorker Battle Twenty Rounds.

Former Given Decision After Sensational Fight in California.

Los Angeles, Cal., Nov. 28.—A volley of hoots greeted Joe Rivers when he climbed into the Vernon ring here. An hour and twenty minutes later when he fought his way back to the dressing room the cheers of 9,000 men shook the place. The Mexican had redeemed himself in the greatest battle ever fought here.

There was a second ovation. It was for Leach Cross, who by his superlative gameness and courage had won the crowd.

It required 20 bitter, whirlwind rounds to settle the grudge between the Mexican and the Jew, and the Mexican established his supremacy beyond question.

Rivers led all the way. He did not lose more than two or three rounds during the fight. He clearly and easily outboxed Cross in 15 of the 20 rounds and was always master of the dentist of New York when it came to slugging at close quarters. Rivers scored the only knockdowns of the fight, being credited with two clean ones. As seemed on the point of scoring a knockout two or three times, but Cross' clever generalship and ring craft enabled him to weather the storm.

Cross rallied in the last three rounds and did more in these speels than in all the others, but with the tide hopelessly against him and only a knock-out chance left to win in, Cross threw caution to the winds and had the fans standing and yelling enthusiastically at his sensational finish. Rivers had him groggy at the close, however.

By virtue of this victory Rivers will get the return match with Willie Ritchie.

New Orleans, Nov. 28.—Charley White outpointed Johnny Dundee in ten slashing rounds, but the consensus of opinion was that the bout was a draw because Dundee scored a clean knock-down in the first round. White landed three blows to Dundee's one and landed them cleanly, while Dundee mauled and done his work in the clinches. The knock-down was a wild right which did no damage as Charley was up in an instant.

Butte, Mont., Nov. 28.—Jack Dillon of Indianapolis won a decision from Sailor Ed. Petroskey of San Francisco, at the end of 12 of the fastest and hardest millings Butte fight fans have seen in years.

Dubuque, Ia., Nov. 28.—Frank Klein the Dubuque heavyweight, defeated Ned Carpenter of Burlington, Wis. in ten rounds at Platteville, Wis. Carpenter was hissed by the crowd for running away tactics.

SAYRES ARE AT THE CAPITAL

Couple Return to White House to Dine.

Washington, Nov. 28.—Mr. and Mrs. Francis Bowes Sayre slipped back into the White House as quietly as they had stolen out shortly after the wedding Tuesday. They came in time to take their places about the family dining table for the first Thanksgiving supper the president had eaten in the White house. In the party were the President and Mrs. Wilson, the two sisters of the bride; Mr. and Mrs. Legare Walker of South Carolina and Mrs. Edward and Miss Marjorie Brown of Atlanta, the last of the house guests who came to witness the brilliant ceremony of which the young couple had been the central figures.

Plot in Formosa Widespread.

Tokio, Nov. 28.—Confirmation has been received of the conspiracy in the island of Formosa to overthrow Japanese rule there. The plot was widespread and the instigators planned to organize an army of 100,000, massacre the Japanese and restore Formosa to China.

D. 1913, and will be publicly opened by the Mayor of said City of Dixon (who is President of said Board of Local Improvements) at a joint meeting of said Council and said Board of Local Improvements to be held in the Council Chambers in the City Hall in said City of Dixon at two o'clock in the afternoon on said day. Said bids will be opened by the Mayor in the presence of a majority of the Council and shall remain on file in the Mayor's Office and be open to public inspection for at least forty-eight hours, as above stated, said Council and Board of Local Improvements shall meet in joint session and determine the most advantageous bid for the City and publicly declare the same.

The work for which said tenders are invited is the construction of about 354 cubic yards of earth excavation; about 684.5 square yards of screened gravel, cement concrete pavement, five inches thick, with three inch sand foundation and sand covered, as provided for in Local Improvement Ordinance No. 138, Series of 1912, of the City of Dixon, Illinois.

Each bid for this work must be accompanied by certified check or cash for an amount not less than ten per cent of the aggregate of such proposals. All certified checks must be drawn on some responsible bank and must be payable to the order of the President of the Board of Local Improvements in his official capacity. No bids will be considered unless accompanied by such certified check or cash.

Said cash or certified check will be held by said Board of Local Improvements until the bids have been canvassed and contract has been awarded and signed. The return of said checks or cash to the successful bidder being conditioned upon his appearance within fifteen days after having been notified of the award having been made to him or them, accompanied by his or their bondsmen and executing a contract with said Board of Local Improvements for the completion of the work awarded and giving a bond satisfactory to the Board of Local Improvements and Council of the City of Dixon.

A bond of \$2,000.00 will be required conditioned for the fulfillment of the contract in accordance with the ordinance and specifications and to the satisfaction of the Board of Local Improvements and Council of the City of Dixon. All proposals must be made on blanks which will be furnished bidders at said City Clerk's Office.

The payment for the work for which said tenders are invited is to be made in cash or bonds, payable when the contract is completed, and the work accepted by the Board of Local Improvements and Council of the City of Dixon, bonds to draw interest at five per cent. No bid will be considered unless the party making it shall furnish evidence satisfactory to said Board of Local Improvements and Council of the City of Dixon of his experience and ability in this class of work and that he can control sufficient capital to enable him to successfully prosecute the same in case the contract shall be awarded to him.

Bidders will examine the ordinance, maps, plats, plans, profiles and specifications and also the locality in which said work is to be done and judge for themselves of all the circumstances and surrounding conditions affecting the cost and nature of the work.

Specifications are on file in the Mayor's Office and may be seen at either the office of the Mayor of City Clerk of the City of Dixon.

The Council and Board of Local Improvements reserves the right to reject any and all bids. Dated at Dixon, Illinois, Nov. 25th, A. D. 1913.

Signed, THE COUNCIL AND BOARD OF LOCAL IMPROVEMENTS OF THE CITY OF DIXON.

KING PLANS REFORM

Italian Ruler Opens Parliament in Rome.

Victor Emmanuel Outlines Changes and is Cheered by the Deputies.

Rome, Nov. 28.—The opening of the Italian parliament by King Emmanuel was marked by a brilliant ceremony. The king, accompanied by Queen Helene and the royal princes, drove in state carriages from the Quirinal through streets lined by immense throngs to the senate house.

When he entered the parliamentary building the assembled deputies and senators rose and cheered him.

Leonida Mussolati-Bergamaschi, leader of the reform socialists; Prof. Enrico Ferri, independent socialist, and Carlo Dell'Acqua, republican, took the oath in the presence of the king, a form unprecedented in the Italian parliament, where socialists and republicans hitherto had always stayed away from the opening.

The king's speech from the throne was greeted for the first time by representatives of all classes of the nation, made possible by the introduction in Italy of universal suffrage.

His majesty recapitulated the events of the conquests of Libya by the Italian army and navy, to whom he gave unstinted praise.

The king announced that many reforms were to be introduced in Italy, and alluded to the intention of the government to give Italian women their rightful place.

Concerning the church, his majesty said the most ample religious liberty would be given to it, but that it would be prevented from interfering in state affairs, as the government regarded itself as the only representative of Italian subjects and could not admit any limitation of its sovereignty.

KANSAS CROPS ARE COSTLY

Farmers Receive \$242,000,000 for Products.

Kansas City, Mo., Nov. 28.—Notwithstanding the driest year and practically the smallest corn crop on record for the state, the products of Kansas' fields, gardens, orchards and feed lots amounted to nearly \$242,000,000 this year, a larger sum than was reached in any year prior to 1906. It was \$82,000,000 less than the value of the output of last year, when the high record was made. These are the figures presented by F. D. Coburn, secretary of the state board of agriculture, in his reports on the year's crops.

The total value of live stock on the farms for 1913 is \$265,000,000, the largest in the history of the state. This is based, however, on assessors' reports gathered March 1.

This year's corn crop, amounting to less than 18,500,000 bushels, is the smallest since 1874. Final estimate of the wheat crop is 72,500,000 bushels, which is 16,500,000 bushels less than that of 1912, but slightly above the average of the last five years.

ALLEGED SLAYER ON TRIAL

Veterinarian Accused of Killing Dr. Knabe in Indianapolis.

Shelbyville, Ind., Nov. 28.—Dr. William B. Craig, dean of the Indiana Veterinary college at Indianapolis, was placed on trial before Judge Alonzo Blair here today to answer to an indictment charging him with the murder of Dr. Helen Knabe, at Indianapolis, the night of October 23, 1911. Two grand juries investigated the case without returning any indictments. Then the women of the state raised a fund and hired a private detective to investigate the murder, and the indictments were returned by a third grand jury on testimony submitted by him. He will be the principal witness for the state at the trial here.

GIVES AID TO RURAL SCHOOLS

Burlison Orders Mail Deliveries to Be Made at Such Buildings.

Washington, Nov. 28.—Schools located on rural routes are to be considered patrons of those routes, according to an announcement by Postmaster General Burlison. He has granted permission for the placing of mail boxes at these institutions, where mail will be delivered for the pupils or teacher. The announcement was made following the receipt of a request from the department of public instruction of Wisconsin, which furnished books and periodicals to such schools.

ZELAYA IS HELD IN PRISON

Former President of Nicaragua Refused Liberty on Bail.

New York, Nov. 28.—Jose Santos Zelaya, former president and dictator of Nicaragua, was arraigned before United States Commissioner Shields in extraordinary proceedings to answer a charge of murder committed in Nicaragua. The proceedings were brief. Zelaya, who was accompanied by counsel, refused to make a statement, and his examination was put over until Monday. He was held without bail and remanded to the Tombs prison.

Bury Plane Victim Today.

Washington, Nov. 28.—Lieut. Erie L. Ellington, United States army, who was killed by a fall from an army airplane at San Diego, Cal., will be buried at Clayton, N. C., today.

CHICAGO ROAD NEWS

Chicago Road, Nov. 26.—We are all through shredding in our neighborhood, which is one thing we have to be thankful for.

Corn picking, too, was finished, while the nice weather lasted.

C. H. Mossholder was in Dixon one day last week.

Mr. and Mrs. John Du Bois were in Dixon Saturday.

Will Lowry, who has been working at Mossholder's was called to town last Friday by the illness of his wife, who has malarial fever. We heard today that she is feeling better.

Mrs. John Huyett was shopping in Dixon Tuesday.

We are very sorry to say that Mrs. Frank Cramer is seriously ill with pneumonia and is under the care of a trained nurse. She had not been feeling well for some time and on Thursday found it necessary to call a physician. For several days her condition was precarious but last night she was feeling a little easier. Her sister was there for several days but had to return home and her place was taken by Miss Alta Naylor. Bert Hoyle and family of Palmyra spent Sunday at the Lester Hoyle home.

Did you notice Charlie Mossholder at the Turkey shoot Tuesday? And did you observe that he wore "the smile that won't come off." Charlie will have something to be thankful for when he sits down to his dinner of turkey next Thursday, for he won four nice large birds and a duck also for \$1.60.

Grandma Bothe is not well; she has been feeling badly for some time. Little Ellis Mocklin has caught cold and the cords in his neck are badly swelled and very painful.

Lewis Scott met with quite a serious accident last week when his ankle turned and tore the ligaments in the heel. He will probably be laid up with it for some time. He was particularly unfortunate on account of the fact that he had the Winn Seybert expects to shell corn in a few days. One of his cribs burst, letting about 600 bushels of corn out on the ground, which makes shelling a necessity. shredder at his place that day.

BRITAIN UPHOLDS MONROE DOCTRINE

Lord Haldane Gives Views of His Government Before American Society.

AMERICA IS WELL GUARDED

Praises United States' Attitude Toward Latin Countries and Wilson's Course at Thanksgiving Dinner.

London, Nov. 28.—The Thanksgiving dinner of the American society here was noteworthy because of the pronouncement of the British government's endorsement of the Monroe doctrine by Viscount Haldane, lord high chancellor.

Three hundred and fifty American men and women, with a large number of British guests, were present, and they repeatedly cheered Lord Haldane's words.

Robert N. Fairbanks, president of the society, proposed "the king," and Lord Haldane proposed "the president of the United States."

Ideals Held in Common.

"I recently made a visit to the United States," Lord Haldane said, "and came back not only with a vivid recollection of the cordial welcome I received, but with a deep sense of the high ideals the British and American nations held in common—the high ideals of citizenship of the two countries."

"Before he became president, Woodrow Wilson was a thinking man and a moralist. In studying his career I cannot fail to be impressed by his detached character, and find that he has not ceased to be a thinker and a moralist because he has become the holder of a great office. We see in him the aspirations and ideals expressed of his nation to the world. It is not his expressed declaration that the policy of the United States is not one of conquest and annexation; but the world looks to the United States, with its enormous position and possessions, to carry on its traditions without adding to its possessions."

Both Aid Liberty.

"That is our course also. Nor is it the case that when the United States intervenes in any matter it is done for its own advantage. It was not the case with Cuba, to whom the United States restored independence. England itself has done the same thing in South Africa, where we gave back liberty to those with whom we fought."

Speaking of the Monroe doctrine, he said that the United States considered itself responsible for the liberties of the small nations of that hemisphere. He could see what was in the mind of the president at that time, that the responsibility rested with the United States to secure good government and fair treatment for those countries.

Lord Haldane interpreted President Wilson's policy to mean that the United States was ready to accept the responsibility of insuring good terms to itself in those countries and to those who went there, and that the United States should set up high ideals of policy, of justice and of righteousness.

Admires Wilson's Stand.

"I am not sure that anyone should speculate upon the interpretation of that policy," continued the high chancellor, "but I have thought myself at liberty to say what I have. It is true, indeed, that a high spirit and a high aim have been brought into the policy of the United States in its dealings with the adjacent countries, and it is because the president has taken the attitude he has—a step which none can but admire, whatever its consequences may be—that I propose good health to Mr. Woodrow Wilson, the president, and Mr. Woodrow Wilson, the man."

LAUNCH WARSHIP IN BRITAIN

Naval Authorities Invite Foreign Attaches to Ceremony.

Barrow-in-Furness, Nov. 28.—The battleship Emperor of India, last of four battleships on the British 1911-12 naval construction program, was launched here.

The admiralty departed from custom and invited the naval attaches of the foreign embassies in London to be present, saying details concerning the battleship were known.

DEATH OF GAILLARD IS NEAR

Physicians Abandon Hope for Engineer Who Dug Culebra Cut.

Baltimore, Md., Nov. 28.—It was announced at the Phipps Psychiatric clinic that all hope had been abandoned for the recovery of Lieutenant Colonel Gaillard, the army engineer who superintended the work on the Culebra cut. Colonel Gaillard has been a patient at the clinic for several weeks, being treated for brain disease.

Take Five for "Shooting Up" Town.

Charleston, W. Va., Nov. 28.—Five men were arrested charged with shooting up the little mining village of Dry Branch last Sunday. It was said they ordered the postmaster to close his office, and served similar notices on merchants before attacking the town. Later, their leader surrendered to a friendly justice of the peace on some trivial charge and the case was dismissed. The five men were put in jail.

FOR CHAFING DISH SUPPER

Those Fond of Cheese Will Find This a Meal Exactly Suited to Their Taste.

Into a chafing dish put half a cup of milk—add to this half an onion chopped fine—a red and a green pepper seeded and cut in small pieces, a large juicy tomato, skinned and cut in small pieces, together with a teaspoonful of salt and three lumps of sugar. Let these boil slowly for ten minutes. Add to this a cupful of cheese and when it is thoroughly melted pour in a well beaten egg—beating all the time until the mixture is smooth. Have ready sufficient toast beautifully browned and serve a large spoonful on each square of toast. Five people can be served with this quantity. It makes an appetizing supper dish, and one which will often be called for by those who care for cheese.
